

SNJB Emergency Travel Toll Waiver Request

This form is for use only by local, state or federal emergency vehicles, including those operated by police, fire, emergency medical services and sheriff personnel, while responding to or returning from a documented emergency call.

As a private toll facility, the South Norfolk Jordan Bridge (SNJB) is not subject to the Virginia Code 33.1-252 (based on Senate Bill 1550) that outlines the free use of toll facilities by certain state officials and employees, nor does the SNJB honor VDOT E-ZPass “non-revenue” accounts/transponders.

For consideration of a toll waiver for travel on the South Norfolk Jordan Bridge, please complete the following and return to SNJB within fourteen (14) days of receipt of invoice for approval. Completed forms may be submitted by e-mail to info@southnorfolkjordanbridge.com. For additional questions regarding the South Norfolk Jordan Bridge, visit www.SNJB.net or call #545-3444.
